REFERENCE

by PAPADOPOULOS KONSTANTINOS

This reference is given with regard to my dealings with Mr. Yordan Ivanov, attorney-at-law, concerning the legal services he delivered to me for the conclusion of cooperation agreements between Bulgarian and Greek companies, thorough consultation on the legal matters relevant to making investments in Bulgaria, establishment of companies, etc.

My being a Greek entrepreneur I got interested in collaborating with Bulgarian companies in recent years and for that purpose I found the assistance provided by Mr. Ivanov attorney-at-law much valuable for me. With his insight knowledge of the legislative basis of Bulgaria and the European Union he helped me surmount a series of difficulties, including the distance, by conducting negotiations on my behalf while utterly protecting my interests. Thanks to his assistance and expertise we managed to prepare and file documentation for the financing of several projects.

I could evaluate his performance as definitely positive.
